

ENGLAND REJECTS GERMANY'S PLAN

Position of the U. S. Regarding China Endorsed by Great Britain.

ITS REPLY IS IDENTICAL

Rumors of Declaration of War As Soon as Waldersee Reaches Peking.

OUTLOOK GETS MORE GLOOMY

Washington, Sept. 26.—Dispatches from London announce that Great Britain has replied to the German note regarding the program in China in the same spirit as the United States and in almost the identical language.

This means that Lord Salisbury, despite disappointment in London over the withdrawal of the United States from the "mailed fist" to the diplomatic field, considers it the wisest and best course to pursue.

Japan Still in Doubt

It is also inferred here that Japan, while demanding the punishment of the Chinese ringleaders, may not insist on making this a precedent to peace negotiations.

Japan is reported to have replied favorably to Germany; it is believed here, however, that Japan is willing to see punishment meted out to the guilty persons either before peace negotiations have begun or afterwards.

Big Powers Hold Aloof

This means that the following powers are practically united in the opinion that the ringleaders of the boxer movement must be held accountable, but not necessarily before the negotiations toward a peaceful settlement are started: The United States, Great Britain, Russia, France, Japan.

Triple Alliance Isolated

If this assumption is correct, it means that the triple alliance—Germany, Austria-Hungary and Italy—is practically isolated in the position the first named government has seen fit to assume. There is a feeling, therefore, that the powers may get together and compromise on this question.

Future Rests With China

This will probably prove a mere incident in the program that is soon to be unfolded in China. The real features will be developed by China herself. It will be within China's power to make or break herself in accepting or spurning the opportunity most of the nations are now ready to afford her.

If she continues along the line indicated by the elevation of pronounced anti-foreign leaders, the outlook for a happy consummation of the difficulty is extremely gloomy.

News a Surprise in London

London, Sept. 26.—Only through the advices from New York, published in this morning's papers, does the British public learn that the United States and Great Britain are once again ranged together in opposition to the continental powers. Apparently such a grouping was entirely unexpected in both Berlin and London and, until an official statement is made, comment will be withheld.

Russia Is Intriguing

Shanghai, Sept. 26.—[Special Cablegram.]—Admiral Seymour has ordered the battleship Centurion and otherships to proceed northward. It is reported that Russia is intriguing for the permanent possession of the Peking and Tien Tsin Railway.

Thirty Americans Massacred

Shanghai, Sept. 26.—[Special Cablegram.]—It is officially announced that the Americans known to have been massacred in China number thirty. Twenty were missionaries and eight children.

FEAR GERMANY MEANS WAR

Kaiser May Present an Ultimatum Through Waldersee.

London, Sept. 26.—The Shanghai correspondent of the Morning Post, in a dispatch dated Sept. 25, says: "Field Marshal Count von Waldersee is expected to arrive at Taku today. It is understood that he will immediately present an ultimatum demanding the surrender of the five leaders of the anti-foreign rising, a few hours' grace only being allowed. If compliance is not then signified, war will be declared. Germany, taking advantage to the fullest of her position as the only power warring with China, is expected to seize Wusung and the Kiangyin forts commanding the Yang-tse Kiang. "It will be quite possible for her,

with her force here, aided by the need to effect this. It is also regarded as possible to seize the Chinese fleet, including the valuable new cruisers. Failing this, Germany will, at least, occupy all of the Kiangsu province north of the Yang-tse-Kiang, thereby controlling the north bank of the river at its mouth, and establishing a strong claim to the hinterland, Kiangyin forts commanding the Yang-tse basin.

"France will support Germany. Such a policy will be a most serious menace to British interests, and prompt action is necessary to prevent the coup. There is reason to believe that the ultimatum was prepared here."

The correspondent adds: "This is not a Shanghai rumor, but is reliable information. It will probably be confirmed by the foreign office. Russia has handed over the Taku-Peking railway to Germany."

THE ABBOT SETS TROTTER RECORD

Famous Hamlin Gelding, Driven by Geers, Trote a Mile in 2:03 1/4 at Terre Haute, Yesterday.

Terre Haute, Ind., Sept. 26.—The Abbot, the sensational 7-year-old gelding owned by C. J. Hamlin of Buffalo, stepped to the world's trotting record over the four-cornered track here yesterday afternoon and displaced the 2:03 1/4 mark credited to Alix, which had stood as the best time since the "queen of the turf" sped over the Galesburg track in 1894.

The son of Chimes and Nettie King, guided by the master hand of "Silent Ed" Geers, put the new world's record of 2:03 1/4, a half second lower than the record of Alix, and did so in a manner which leaves the impression among horsemen that he will do still better when again asked to go for the mark on Thursday.

The speedy gelding succeeded and takes his proud place among those who have been holders of the world's trotting record. From 1845, when Lady Suffolk trotted in the then remarkable time of 2:29 1/2, down through a notable list, which includes Flora Temple, Dexter, Goldsmith Maid, St. Julien, Maud S., Sunol, Nancy Hanks, and then Alix, the time has been cut until now it rests at 2:03 1/4, with strong chances that it may this week be cut below 2:03.

GREAT HURRICANE SWEEPS ICELAND

London, Sept. 26.—[Special Cablegram.]—Advises from Iceland dated Sept. 20, say a hurricane with a velocity of one hundred and twenty miles per hour swept that island last week. Houses, people and grass were carried away. Twenty persons lost their lives and many were injured.

URGED THE PEOPLE TO FLY.

Weather Observer Cline's Heroism in Early Hours of Galveston Storm. One of the heroes of the storm is Dr. I. M. Cline, United States weather observer at Galveston, says the New York World. In his eyrie at the top of the New Improvement and Loan Association building Dr. Cline observed the weather, and at 12 o'clock noon sent out warnings all over the city that a disastrous storm was indicated. At this time the wind began to blow. By 4 o'clock the wind gauge was smashed. An hour earlier Dr. Cline, realizing that an unparalleled hurricane was approaching, had gone out through the city on the southern beach, frantically imploring the people to leave their homes and flee to the center of the island. A few accepted the advice, but the majority would not believe the water could submerge and raze their homes.

Dr. Cline had no time to explain. The outside world must be notified that Galveston was under her doom. The telephone and telegraph systems down town were wrecked. The only way to send a message to the mainland was to go to the telephone station at the bridge west of the city. Dr. Cline started thither, but was urged by friends to go home and save his family. "We will be cut off from the world and will need aid," he cried, and plunged on through the hurricane, reaching the station just before the cable parted. Returning to the street where he lived, Dr. Cline found his house gone, and his wife and one child washed away and lost. Neighbors had saved three of his children.

New Life Saving Appliances. An ingenious addition to our life saving appliances at sea takes the simple shape of a boat's canvas cover, which is made water repellent, says the Chicago Inter Ocean. Corks are attached, and the whole cover, being thrown overboard, spreads out and is capable of supporting many persons.

WOODFORD-HANSON DECEMBER AND MAY

NOTABLE WEDDING IN NEW YORK CITY TODAY.

Gen. Stewart L. Woodford Formerly U. S. Minister to Spain Weds His Private Secretary Miss Isabel Hanson—The Ceremony Was Very Simple And Privately Attended.

New York, Sept. 26.—[Special Telegram.]—General Stewart L. Woodford, formerly United States minister to Spain, was quietly married today to Miss Isabel Hanson, his private secretary while at the Spanish court. The ceremony took place at high noon in the chapel of the First Presbyterian church, Rev. Dr. Howard Duffield, the pastor, officiating. Only the relatives of the bride and groom and those of the late Mrs. Woodford, the general's first wife, who died about two years ago, were present.

General Woodford is an Episcopalian, but as Miss Hanson is a Presbyterian it was decided to hold the wedding ceremony in the Presbyterian church. Neither General Woodford nor his bride had any attendants. Miss Hanson wore a gown of white chiffon and a picture hat to match. After the ceremony a wedding breakfast was served at Sherry's by Miss Hanson's mother. The Hanson residence is at 248

STEWART L. WOODFORD.

West Eleventh street. The family formerly lived on West Twelfth street, and I know as one of the oldest West Twelfth street families.

The new Mrs. Woodford is handsome, and about twenty-six years of age. She was compelled to leave Madrid with General Woodford when the breaking out of the Spanish war necessitated his departure. Miss Hanson had been in General Woodford's employ for some time, and was a warm friend of his family. She visited Spain again last year in company with Miss Woodford, the general's daughter, the two young women having formed a strong attachment for one another.

The general and his bride left at once on their wedding tour, and on their return will probably reside at the Waldorf-Astoria, where General Woodford has lived nearly two years.

IT MAY RESULT IN WAR WITH MEXICO

Traveler Through That Country Sees Trouble for the U. S. from Concessions to Americans.

Kington, Ont., Sept. 26.—Fred J. Pope is home after fifteen months of private investigation in the United States for a mining house in New York. He has been in thirty-nine states and Mexico, traveling 81,000 miles. He says:

"More American capital is going into old Mexico than into any other place outside of the United States. Companies are getting concessions for mining, railroads and everything else of profit. I venture to prophesy that because of this there will eventually be the same trouble between Mexico and the United States as there was between the Transvaal and Great Britain. As soon as a more extravagant government gets the reins of power it will put the burden on the Americans, for the Mexicans are already overtaxed. Then the Americans will appeal to 'Uncle Sam' for protection."

Carious Lawsuit in Michigan. The state Supreme court of Michigan is called upon to settle a curious case. One Thompson was sent to the penitentiary at Jackson and was put to work for the Bronx-Buffington Shirt Company as a leased convict. After working 578 days he was discharged on a writ of habeas corpus for the reason that his sentence was clearly illegal. Now he claims and that shirt company refuses to pay wages for the time he was in prison and forced to work for the contractors. The case will be heard at the October term.

HANNA APPEALS TO THE BUSINESS MEN

MUST DEFEAT BRYANISM TO RETAIN PROSPERITY.

It is a Business Proposition—Success of the Country Depends Upon the Confidence of the Men Who Have Capital—Chairman Made a Ringing Speech in New York Last Night.

New York, Sept. 26.—Senator Hanna made a ringing speech at the republican club meeting in Cooper Union last night. There was a great crowd present, attracted by the announcement that the chairman of the national republican committee would speak. He was the last on the program, but was given a most hearty greeting by the patiently waiting audience. The senator was in splendid spirits and spoke with vigor. He said:

General Apathy Has Vented

"I came here because the committee of the republican club said they would show me that 'General Apathy' had vacated New York. And now I know he has. It is an honor to speak from this rostrum, and to such an audience. I have felt and expressed publicly that the republicans in this state and country are feeling too sanguine as to the result. I feel that in a contest like this there is so much at stake that no opportunity should be lost to guarantee and assure success. The national republican committee, of which I have the honor to be chairman, does not take any chances. They feel that they have the right to call upon all who can help their cause. "I repeat it, that the issues of this campaign are greater than in any other. A defeat would put us ten years behind."

The Issues Boiled Down

"I don't know of any stronger appeal that can be made for republican votes than a recital of the last four years compared with the previous four years. Boiled down the issues are McKinleyism and Bryanism. Boiled down it is free silver and free trade on one side and prosperity and development on the other. Out West the argument of imperialism is played out. Mr. Bryan won't talk of free silver in the Empire state unless you force him to and I want you to force him to."

"Now, my friends, this is a business proposition. It is whether or not the people of this country are going to undermine the very basis of our prosperity. It is a business proposition in which every man who conducts the commerce of our country and every man who works with his hands is interested. Everything depends upon confidence in the future. The success and development of the country depend upon the confidence of men who have capital."

A Business Proposition

"We have established ourselves so now that this country is producing from a quarter to a third more than our consumption. Let us shake confidence and our industries will slow down like they were previous to four years ago. The men who work in the industries will have to take chances with those who manage them. I say this is a business proposition and now in casting their vote next November the responsibility is in your hands to say which you will have, continued prosperity or go back to the empty dinner pail."

BRYANISM'S WORST FOE.

What the Celebrity Candidate Has to Fear in His Own State.

General Prosperity is in command of the Republican forces in Nebraska, and he is already getting the Bryanites on the run.

There are long, blank faces in the Democratic state headquarters over the uncomfortable fact that Nebraska farmers are receiving 4 1/2 cents a pound for their hogs, where two years ago they could get only 2 1/2 cents; that these farmers are buying pianos, top buggies, dress goods for their wives and daughters; that they are painting their houses, lifting their mortgages and putting good money into the savings banks. The merchants of Omaha, Lincoln and Sioux City report an increase of from 40 to 100 per cent in the volume of their business. The Union Pacific railway has sold more land in the last two years than in the 15 years before. In 1896 the Union Pacific had 125 idle locomotives in its roundhouses. Now it can hardly handle the traffic which pours in upon it from every quarter of Nebraska.

The populist secretary of the state banking board, who is a statistician first and a calamity howler afterward, reports an increase of \$8,000,000 in deposits in the state and private banks of Nebraska, and a decrease of \$2,000,000 in loans and discounts. Individual deposits in the Nebraska national banks have increased \$1,000,000 since April. Omaha's bank clearings in July were \$26,336,000, a gain of almost \$1,000,000 over July, 1899.

If Mr. Bryan loses his own state, as now seems probable, it is General Prosperity who will do the work—General Prosperity and the determination of the plain people of Nebraska that neither in China nor the Philippines shall the stars and stripes go down at the demand of anarchy.—Boston Journal.

FOR TOWN IMPROVEMENTS

Green Bay Club Women to Take an Active Interest

Green Bay, Wis., Sept. 26.—The Women's club of this city this fall will take up the work of town improvement. A committee which will be known as the Town Improvement committee, has been added to the list in the club and will have charge of the work of inducing people to maintain better and cleaner streets. The committee is composed of members who have volunteered to take up the work.

GOOD GROWTH IN ROCKFORD

Census Returns Show an Increase of 7467 in the Population

Rockford, Ill., Sept. 26.—The census figures showing Rockford to have a population of 31,051, against 23,584 in 1890, set at rest much speculation, but correspond closely with the general idea. These figures give only those within the city limits, omitting a large overflow in Highland and Northtown, which are supposed to include about 3,500 people. The city is today full, with all labor employed and a substantial and healthy growth still in progress.

JAMES HOWARD IS DECLARED GUILTY

Jury Thinks He Fired the Shot That Killed Goebel and Fixes the Death Penalty.

Frankfort, Ky., Sept. 26.—[Special Telegram.]—James Howard was this morning found guilty of firing the shot which killed Goebel. The jury fixed the penalty at death.

The crime occurred in front of the capitol building January 30, as Senator Goebel was walking from the legislative hall accompanied by Col. Jack Chinn. Goebel died February 3rd.

Howard sat unmoved when the verdict was read. Judge Cantrell congratulated the jury and dismissed them. The long disagreement was regarding the penalty. The jury stood ten to two for death from the first.

RED HOT ELECTION ON IN ENGLAND

Liberals Have Become Very Active—Arraign Tory Government On War in South Africa.

London, Sept. 26.—By royal proclamation Queen Victoria's fourteenth parliament ceased to exist today, when writs were issued for the election of new members of the house of commons. Voting will begin next Monday and will continue until Oct. 18. There are 644 constituencies, which will return 670 members, some boroughs, and the universities retaining two members each.

The campaign is already at a white heat and practically all the countrymen of the united kingdom are actively engaged in the struggle. The newspapers assume a controversial tone.

It was at first thought that the liberals, owing to internal differences and exceptionally dark prospects would make but a faint-hearted fight, but they have lately developed an electrifying vigor and has considerably disturbed the conservatives. Lord Salisbury, like Mark Hanna, has set about lustily calling on his party to wake up, lest overconfidence should prove its undoing.

WANT KRUGER TO COME

Friends of the Boers Combine—New American Transvaal League Is Formed in Chicago.

Chicago, Sept. 26.—Boer sympathizers from all parts of the United States representing the various pro-Boer movements and organizations joined hands yesterday and formed a national American Transvaal league.

Delegates from the different states attended the convention at Steinway hall in the afternoon and at night convened in the Auditorium Annex. As a climax of the meet the delegates voted that an invitation on behalf of the American Boer sympathizers be extended to President Paul Kruger to visit this country, and in the event of being exiled from his country by action of the British government, to make the United States his home.

DEATH OF LORD HOWE

His Brother Was the British Commander in America During the 1776 Revolution.

London, Sept. 26.—[Special Cablegram.]—Lord Howe died today aged seventy-nine. He saw much service in the army and came of a distinguished line. His brother William was the British general of the revolution and was chief commander of the forces in America in 1776.

MARKLE MINES CLOSED TODAY

Every Miner in the Anthracite Region is Now Lying Idle.

TIE-UP IS COMPLETE.

Operators Are Deeply Concerned Over the Introduction of Bituminous Coal.

RAILWAY TRAINMEN TO MEET.

Hazleton, Pa., Sept. 26.—[Special Telegram.]—Perfect quiet prevails in this region this morning. The statement that the soldiers would soon be here had the effect of stopping the marching and parading of the strikers. It is thought that the operators will concentrate their efforts in this country by giving Cox, Markle and Pardee all possible support.

The Markle mines closed today. Meetings will be held both by the employees and the union miners. Markle will probably try to reopen in a day or two but the miners say the mines must be kept closed now.

Operators Fear Soft Coal

Scranton, Pa., Sept. 26.—[Special Telegram.]—The operators in this district are deeply concerned over the introduction of bituminous coal. It is understood an effort will be made by the Lackawanna railway to head off the movement by attempting to start their mines. The operators have millions to lose by the substitution, while the miner can go to work in the bituminous mines. Quiet and unchanged describes the situation here.

Trying to Enlist Trainmen

Wilkesbarre, Pa., Sept. 26.—[Special Telegram.]—The leaders of the miners' unions in this vicinity are endeavoring today to enlist the active aid of the Lehigh Valley Central and Pennsylvania trainmen to prevent the coming in of soft coal. Railroad men are to have a big meeting in a couple of days to discuss the question.

TROLLEY POLE IS UPHELD BY COURT

Street Car Companies Can Put Them Up Without Consent of Abutting Property Owners.

Madison, Wis., Sept. 26.—The legal status of trolley pole poles was fixed by the Wisconsin supreme court yesterday. The court holds in a decision in the case of the La Crosse Street Railway company against E. C. Higbee that trolley poles may be placed and maintained without redress by the property owner if the poles are so placed that they do not interfere with the property owner's right of ingress or egress to and from his property to the street. The suit was brought to prevent Mr. Higbee cutting down a pole erected in front of his residence in La Crosse. The court holds that the trolley pole is a necessary feature of progress of modern travel and as such is entitled to its place.

It should be stated that the opinion refers exclusively to trolley poles set on the curb line and does not refer in any way in its language to poles set between tracks and holding both wires. The decision may, too, have a bearing on the right of telephone companies to erect poles.

Appeals to American Pride

Mrs. Sarah White Lee, one of the organizers of the Colonial Dames and Daughters of the American Revolution, attributes the prevalence of themes from American history in current fiction to the work of her societies and similar organizations. Mrs. Lee, who is working on a publication to be patterned after Burke's Peerage, says that the Americans are just beginning to realize how much they have to be proud of in their history and ancestry.

Sounded Like Age Hint

Mary Anderson Navarro attended a bazaar in England the other day in aid of a religious community and was told by the father rector that she was a mother to them. "Our Mary" is, of course, no longer in the full blush of youthful beauty, but this remark rather startled her for a moment. In the course of a short reply she good-humoredly said that the reverend gentleman might at least have called her a sister.

When Arthur Maxon Smith finished his course in the University of Chicago on Saturday and received the degree of doctor of philosophy, he was notified that, on the recommendation of Dr. Harper, he had been chosen president of Oahu college, Honolulu.

SCHOLASTIC YEAR BEGINS TOMORROW

FORMAL OPENING OF THE UNIVERSITY OF WISCONSIN.

Preliminary Registration Indicates that the Total Enrollment Will Reach 2,400 this Year—New Buildings Ready for Occupation—Some Janesville Students—Good Football Prospects.

Madison, Wis., Sept. 26.—[Special]—The University of Wisconsin will begin the scholastic year 1900-1901 tomorrow, with the brightest prospects since its incorporation over fifty years ago. Preliminary registration indicates that the total enrollment will reach 2,400 this year, an increase of about 200 over last.

Two new buildings, the new engineering and the state historical library building, have been added to its equipment, and a new school, the school of commerce, to its course of instruction. The new engineering building erected this summer under the \$100,000 appropriation made by the legislature in 1899, is receiving the finishing touches and will be ready for occupancy with the opening of classes tomorrow. The basement is not yet complete, and some of the interior decoration remains to be done, but everything will be finished up by the middle of October.

The new state historical library building will also be ready for use with the opening of the university. It is situated on the lower campus, across from the gymnasium, and is generally pronounced to be the most beautiful building in the university group. It will contain the library of the Wisconsin State Historical society and that of the university, these together making one of the most complete libraries in the country. The dedicatory exercises will be held on Oct. 19.

Some Janesville Students. Among the new students registered are several Janesville people. Frank Williams, who graduated from the Janesville High school in June has entered the college of engineering in the electrical department. Harry North has entered the school of pharmacy. Margaret Jackson and Sarah Sutherland, both members of the last graduating class in Janesville are enrolled in the college of letters and science.

The Varsity football squad has been increased by the arrival of old players and several new candidates so that King has now more than fifty men trying for the team. Yesterday Larson, Juneau and Ware returned and donned the uniform.

From present indications Wisconsin has certainly entered upon a very successful season of football. With seven of last year's team and such a wealth of good material to draw from, for the remaining positions, the outlook is indeed bright. Never before have so many appeared for early practice, and the fact that 17 weigh over 170 is something unusual. Indeed, the old men will be compelled to work harder for their positions and the sharp competition for places will be an incentive to better work and consequently a better team.

A Word to Mothers. Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by Smith's pharmacy next to post office. Kodak agents.

The Atlantic Monthly. Timely as usual the October Atlantic treats many pressing public questions both foreign and domestic. Ex United States Minister Angell deals with the present "Crisis in China" and John Christie writes about recent progress in far off New Zealand. Hate H. Claghorn discusses "Our Immigrants and Ourselves," Edward Stanwood argues for "Voting by Mail" and Dean Briggs has a paper on "Some Old Fashioned Doubts" about modern educational methods. Canon Rawnsley show the startling extension of Greek history covered by the recent "Finding of the First Dynasty of Kings" and J. Taylor Wood tells of "The Capture of a Slave" in ante-bellum days. "Refugees" discusses rather grimly "The Seven Lean Years" of western farming. The number offers charming stories and sketches by Mrs. Foote, Mary T. Earle, Charles Warren and others; poetry by Miss Branch, Paul L. Dunbar, Julia C. R. Dorr, and an unusually varied and attractive Contributors' Club.

WONDERFUL CURE OF DIARRHOEA. A Prominent Virginia Editor Had Almost Given Up, But Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Read His Editorial.

[From the Times, Hillsville, Va.] I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of this trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore. Sold by Smith's Pharmacy, next to P. O., Kodak Agents.

BANQUET BY EASTERN STAR.

Special Meeting of the Janesville Chapter Held Last Night.

A special meeting of the members of Janesville Chapter Order Eastern Star No. 69, was held last evening. A banquet was served at 6 o'clock and over one hundred people were seated at the tables, which were handsomely decorated and laden with good things. Mrs. T. O. Howe had charge of the supper, whose excellence reflects great credit on her.

After supper plans were made for giving an entertainment and dance in the near future the proceeds to go towards erecting an Eastern Star home in this state. A committee consisting of Mrs. W. F. Carle, Mrs. T. O. Howe, Mrs. W. H. Merritt and Mrs. Sanborn was appointed to make all arrangements. Mrs. Sherwood of Madison was a visitor to the lodge last evening.

DODGE WON AT MONROE

Nominated for the Assembly by Green County Republicans—Put Up a Strong County Ticket.

Monroe, Wis., Sept. 26.—A. C. Dodge received the nomination of the Green county assembly republican convention held here yesterday afternoon. Vigorous opposition to him had been made owing to his attitude in the LaFollette campaign, his opponents supporting Charles J. Stephenson of Brodhead. The vote gave Dodge 64 and Stephenson 59. Robert A. Etter of the Dodge faction was elected county chairman.

The county convention nominated the following ticket: Sheriff, J. S. Fessenden, Monticello; county clerk, J. W. Lyman; treasurer, Adam D. Schmidt; register of deeds, John Lewis; clerk of court, R. L. Holcomb; district attorney, J. L. Sherron; surveyor, D. H. Morgan; coroner, R. C. Whitcomb; superintendent of schools, J. O. Fenn, of Juda.

Janesville Promises to be Well Represented, Good Races.

The special attractions at the Jefferson county fair next week are the great trick horse Decoy, the four great Russian bloodhounds, Walker and Shea, America's great hub team, trick bicycle riders, Shetland pony chariot races, Shetland pony bike races, base ball, Jefferson vs. Richmond, foot ball, Lake Mills vs. Ft. Atkinson high schools and Whitewater Normal vs. Watertown Sacred Heart College. This is as fine a list of attractions as was ever shown at a county fair.

HOT WAVE WAS NOT EXPECTED

Weather Yesterday Was Without a Parallel Since 1893

An unexpected hot wave visited Janesville yesterday. People sweltered under a mid summer's sun that pushed the mercury beyond 89 degrees, making it one of the hottest days of the year. Such excessive heat so late in the year has been recorded but once before—in 1893, when the temperature reached 91 Sept. 26.

The cold wave predicted Sunday will reach here tomorrow. It is believed that the mercury will then go down to 40 degrees. Today the weather is threatening, with probable showers. It was warm in the morning and grew colder as the day advanced.

ROOMS AND BOARDING

Many People These Days Are Looking About the City

The opening of the fall season always brings with it a demand for suitable rooms and board. The prospects this year are better than ever and The Gazette "little ads" are directing many people to the homes of thoughtful advertisers. If you have rooms to rent we can rent them for you. Others receive successful results, why not you? Three lines three times for 25 cents.

Scribner's For October

A very notable and timely project is begun in the October number of Scribner's Magazine. There is no factor in the far East of greater importance than Russia, and just at this time the series of seven papers on "Russia of Today," by Henry Norman will attract the widest attention. Richard Harding Davis closes his series of vivid descriptions of the Boer war with an account of "The Last Days of Pretoria," showing the final steps in the Boer retreat. He makes a strong defence of the Boers as a people.

Walter A. Wyckoff, author of "The Workers," concludes his experiences in the Arctic, giving an account of the life of the interesting Arctic Highlanders and describing Lieutenant Peary's winter quarters and his preparations for a dash to the Pole. John R. Spear's papers "The Slave Trade in America," are concluded with an account of the final suppression of the horrible traffic. Walter Appleton Clark continues his remarkable illustration to the series. The fiction of the number includes a story of a convict settlement by Lloyd Osbourne, the step son of Stevenson; a New England story by Arthur Colton and the last installment but one of "Tommy and Grizel."

HOSTETTER'S STOMACH BITTERS

should be judged by its merits. That which cures—and has for half a century—deserves the highest praise. Such a remedy is Hostetter's Stomach Bitters. It should be taken for indigestion, constipation, dyspepsia, biliousness, nervousness, or malaria, fever and ague. There is no medicine known to science which will give better results in stomach disorders. A trial will convince you. Our private revenue stamp covers the neck of the bottle.

ALL ABOARD FOR MADISON.

Grand Carnival and Street Fair October 16-19 Inclusive.

Madison will hold a Carnival and Street Fair lasting four days, October 16, 17, 18 and 19. It will be the first one that has been given by the Capital city, but it will rival any that has been given in the state. The project was definitely launched last week, and among the merchants has already been raised most of the \$6,000 cash.

A one-fare rate for all points within seventy-five miles of Madison has been secured on the Chicago & Northwestern the Chicago, Milwaukee & St. Paul and the Illinois Central railroads. Tickets on sale 16, 17, and 18th; good to return October 20.

Committees are arranging a whirlwind of attractions: balloon ascensions, fire works from capitol, visiting militia, music by Phinney's or Clauder's band for entire Carnival, with day engagements of other noted bands, wild animal shows "democratic" and "republican" days, with orators of national reputation. All merchants will make elaborate street exhibits.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment b. logs instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry nature's specific for dysentery, diarrhoea and summer complaint.

The game ended in another row.

The play was prolonged, but Hurst insisted on finishing nine innings and it was so dark that when Brooklyn came to bat they were unable to locate the ball. Dunn of Philadelphia said that Hurst was crooked, and when the game was over the umpire made a rush for the pitcher, who was in citizen's clothes. Deleahanty and Flick rushed over and held him back, and it is said that Flick punched the official. This, however, is denied. President Ebbetts and a couple of policemen prevented further trouble.

Fear a Town Is Swept Away.

Austin, Tex., Sept. 25.—The Colorado river at this point had a rise in the last two days of about twenty-two feet, but it began subsiding; it has gone down about six feet. It is rising again to-day and fears are entertained that it is the big overflow that is now beginning to reach here from above. Menardville, the county seat of Menard county, was, it is feared, entirely swept away by the flood in the San Saba river.

Died to Escape Trial.

Waterloo, Ill., Sept. 25.—Rather than face trial on the charge of stealing from his former employers, Louis Joedecke committed suicide. His trial was to have begun yesterday. Joedecke rowed to the middle of Island Pond, stood up in the boat, and, placing the muzzle of a revolver in his mouth, pulled the trigger. His body fell out of the boat.

The White Man's Burden

can be named in the single word—*dyspepsia*. It is the one disease, which more than any other, affects the American people. It is common to all classes and all conditions. It makes life miserable. It mars family happiness. It interferes with business and pleasure alike, and it discounts a man's usefulness just as much as it discounts his happiness.

There's a remedy for dyspepsia. Dr. Pierce's Golden Medical Discovery has lifted this burden from the bodies of hundreds of thousands. It cures ninety-eight out of every hundred who give it a fair and faithful trial.

I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his Pleasant Pellets a year ago this spring, and have had no trouble with indigestion since. I am now 100 pounds heavier, and I can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines.

Free. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. It contains 1008 pages and over 700 illustrations. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth binding to Dr. R. V. Pierce, Buffalo, N. Y.

United Typothetae Meets.

Kansas City, Mo., Sept. 26.—The fourteenth annual meeting of the United Typothetae began its first session in Lyceum hall. The morning's meeting was taken up with addresses of welcome by Cushman Lechtman, president of the Kansas City Typothetae; T. M. Shofford, president of the board of public works, and Acting Mayor Phillips spoke for Kansas City and W. J. Berkowitz for the Manufacturers' association. Everett Waddy of the Everett-Waddy Printing company of Richmond, Va., responded.

Stratton's Mine Reopened.

Victor, Colo., Sept. 26.—The employees at Stratton's Independence mine who went on strike against an order requiring them to strip off all clothing in presence of watchmen before leaving the mine have resumed work. The superintendent modified his order to the extent of allowing them to keep on their underclothing. This arrangement is satisfactory to the union miners, who are in favor of a closer inspection of all members of the union who may be suspected of stealing ore.

Operators Agree to Scale.

Middlesboro, Ky., Sept. 26.—J. S. McCracken, secretary treasurer of the Mine Workers' union, said here that all the Jellico, Pineville and Coal Creek mines were now running, having agreed to the scale, except one company at Coal Creek, and there 600 men were still out. In this district a strike was declared to exist by the union and the mines are all shut down.

Secretary Root Is Improving.

Washington, D. C., Sept. 26.—Adm. Gen. Corbin has received a personal letter from Secretary Root saying that his condition is improving but giving no indication of a purpose to return to Washington in the immediate future. Secretary Root is at his summer home at Southampton, L. I., and is convalescing from a severe operation for the removal of a carbuncle on his breast.

Post for Slatin Pasha.

Vienna, Sept. 26.—Slatin Pasha has received permission from Emperor Francis Joseph to accept the appointment of inspector general in the Sudan. Slatin Pasha, who is a major general, is the only Austrian officer in the British service.

Another Death from Plague.

Glasgow, Sept. 26.—Another death from bubonic plague occurred today. This makes seven altogether since the outbreak of the pestilence.

Twenty-five patients are still in hospital, but the contact cases in the reception house are now reduced to forty.

Birthing of Royalty.

Chicago, Sept. 26.—Tod Sloan has reached the topmost rung in the ladder of fame in his particular line of business, and the once despised American jockey will next year sport the royal purple for the prince of Wales.

Roosevelt Defies Fate.

Denver, Colo., Sept. 26.—Governor Roosevelt crossed the Wyoming line and entered the great Colorado plateau, the potato country of the West. During the day he spoke at Eaton, Greeley, Fort Collins, Loveland, Berthoud, Longmont, Niwot, and Boulder, and at night addressed three meetings at Denver.

Senator Beveridge at Chicago.

Chicago, Sept. 26.—Albert J. Beveridge, Indiana's young United States senator, spoke to a large audience of Republicans at the Auditorium last night.

Howard Case with Jury.

Frankfort, Ky., Sept. 26.—Arguments concluded at 1 o'clock in the Howard trial for the murder of Gov. Goebel, and the case was given to the jury.

Rockford Grows in Ten Years.

Washington, D. C., Sept. 26.—Census returns show the population of Rockford, Ill., is 31,051. In 1890 it was 23,584, a gain of 31.66 per cent.

If the Baby Is Cutting Teeth.

Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Ireland Has New Chief.

Dublin, Sept. 26.—The Duke of Marlborough will succeed Earl Cadogan as Lord Lieutenant of Ireland. The appointment is received with satisfaction, since it is thought that the great wealth of the duke will give brilliancy to the social side of his occupancy of the Viceroyal Lodge.

WINE OF CARDUI

How a Woman Suffers.

BOWELL, IND., NOV. 26

I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.

Mrs. MINNIE STODGHILL.

WINE OF CARDUI

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhoea. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1900.

A DIFFERENT STORY

According to the "American Wool and Cotton Reporter," the textile industry is in such a prosperous condition that "the first half of 1900 has broken all records in the number of new and proposed mills in the United States." Between January 1 and June 30, 1900, the construction of 307 mills was entered upon, that being an increase of 70 over the number reported for the last half of 1899, and an increase of eight over the number reported for the entire twelve months of the year. Of these 307 mills, 194 were cotton mills, 29 were woolen mills, 45 were for the manufacture of knit goods, while the remaining 39 were for the production of various kinds of goods. And yet there are still those who think that our McKinley and Protection prosperity is waning; and then there are others, "blind leaders of the blind," who in face of these and similar facts, dare to make the assertion that present prosperity is temporary and fictitious. They ought to have a little conversation with the manufacturers of textile goods. In such case they would, if they spoke with regard to the truth, tell a different story.

OUT OF THE BUREAU DRAWER

One of the Massachusetts free silver leaders, the Hon. Timothy Conkley who has served a term of enlistment in the Philippines, is so disgusted with Mr. Bryan's policy of surrender that he is coming home to support the republican ticket. He declares that national honor is paramount to financial questions. In other words, he places the nation above the dollar.

Captain William E. English of Indianapolis, is another democrat who cannot be deceived by the paramount process. He has announced his intention of supporting McKinley and Roosevelt.

"If there is any one who believes the gold standard is a good thing or that it

must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

There is nothing in the constitution to conflict with the Hon. J. P. Altgeld's aspirations for a seat on the bench of the supreme court, but they are destined to receive a rude shock at the hands of the American voters.

The Hon. Adlai E. Stevenson's record as a greenbacker was made before Mr. Bryan had heard of the silver question. Adlai ought to stand very well with the populists.

The Hon. George Fred Williams would be an ideal secretary of state in a Bryan cabinet. Fancy George Fred dealing with the diplomats of the world on the Chinese question.

Illinois farmers are getting five cents a pound in gold for their hogs. In fact they are doing almost as well as Mr. Bryan did with his oat crop.

Perhaps Mr. Bryan is wise in having so many notifications before the election. He will not be the recipient of many formalities after November.

HOW MANY?

A Few Questions For Intelligent Consideration of Voters.

How many persons in the United States really and truly believe that their liberties will be in danger if the Philippines remain in the possession of the United States?

How many persons in the United States really and truly believe that its form of government is so weak that it would fall or be radically changed in consequence of undertaking to govern the Philippines?

How many persons in the United States really and truly believe that the Philippines would be better off left to their own devices and the tender mercies of little dictators like Aguinaldo than kept under the sovereignty of the United States?

How many persons in the United States really and truly believe that an army of 100,000 for a nation of 75,000,000 is militarism?

How many persons in the United States really and truly believe that it is patriotic or right to sympathize with the armed enemies of the United States and to give them aid and comfort?—New York Sun.

The Hon. Charles A. Towne is to attempt to answer Governor Roosevelt's speeches. It will be recalled that Mr. Towne is the gentleman who was unable to successfully answer the arguments of the men who wanted him off a certain presidential ticket.

Things to Consider.

Chairman Jones' explanation of his connection with the round bale trust is closely related to the reason of the Jersey tavern keeper who charged the late Bill Nye \$1 for a sandwich.

When one plank of a political platform is admittedly rotten, the entire structure should be condemned at the ballot box. The republican party is not striving to hide or apologize for a single line of the Philadelphia platform.

An intelligent and careful newspaper writer declares that there are more windmills in Nebraska than in any other state in the Union. So the Populist orators don't have things all their own way in Nebraska.

The Democratic managers have requested Mr. Altgeld to confine his remarks to German, but the German voters will understand the gentleman in more ways than one.

Once Lost, Hard to Regain.

People who talk of this country backing out of free silver if it proves dangerous demonstrate their ignorance of the question. It would be a case of damage once done could not be undone. When a person loses money through carelessness or otherwise, it may be recovered or the loss be made good in some way. When a person, however, loses credit by cheating, it is not easy to get it back. Probably the only way is to go to a new land and start all over again. Nations, however, cannot do that. There is no way for them to hide from the scorn and contempt of other civilized nations.

Southerners For Expansion.

The southern people are now and always have been in favor of expansion. It was through the influence of the south and of southern statesmen that Louisiana, Florida, Texas, California and Oregon were acquired. Imperialism is the traditional policy of the south. If expansion means imperialism. No part of the Union was more eager to free Cuba from the Spanish oppression than the south. It was the southern Democrats in congress who united with the Republicans of the northwest and far west to bring on the war.

Perhaps He Forgot.

In his Topeka speech of acceptance Mr. Bryan neglected to allude to the manner in which his North Carolina Democratic supporters put on their red shirts and beat his North Carolina Populist friends out of the recent election. Mr. Bryan understands that the less his friends know of each other the better it will be for him.

Sneaked In Silver.

If "imperialism" is the "paramount" issue, why was free silver inserted in the Democratic platform? In 1896 the Democrats sought to get free silver in through the front door. This year they are trying to sneak it in through the back door under the cloak of "anti-imperialism."

IT ALL CAME BACK.

"Haven't I met you somewhere before?" queried the man with the Roman nose as he was introduced to the man with the cock eye.

"Your face seems familiar to me," mused the latter, "but I can't place you."

"Why, you must have met before," said the man who had introduced them. "This is the cannon ball man of the circus, and you are the cannibal who ate raw meat in a cage. Can't you recall each other now?"

"Oh, of course," they replied in chorus as they reached out to shake hands.

Just to Please the Girl.

"Yes," he said, "I nearly made myself sick last night smoking a cigar."

"But if you don't like the weed, why did you smoke it?" he was asked.

"Just to please Miss Dolly."

"She likes the odor of a good cigar, I suppose?"

"No; she detests it. But she does love dearly to reform young men by making them swear off, and I had to do something to get her to take an interest in me."—Chicago Post.

CHOATE-HOLLISTER CO. REFUSES AID FROM CITIZENS.

All They Ask of Janesville Is That the City Assure Them of a Water Supply to Guard Against Future Fires—Letter From John Thoroughgood.

The Choate-Hollister Furniture company, recently burned out, have decided not to accept any money subscribed for the purpose of aiding in the rebuilding of the factory. If the factory is rebuilt it will be done out of their own resources. The Janesville business men interested in this factory intend to rebuild; and all they ask is that the city assure them of a water supply to guard against future fires. The following letter is explanatory on this subject:

Oscar F. Nowlan, P. J. Mount, City. My Dear Sirs:—The intentions of the stockholders of the Choate-Hollister Furniture Company of Janesville, has been called to the fact that a paper is being circulated for the purpose of raising a sum of money to assist in rebuilding the plant of our company recently burned. We beg to assure you that we most keenly appreciate your generosity and public spirit in this matter and also all of those who have subscribed or paid money for that purpose. At a meeting of the stockholders of our company held last evening I was directed by a unanimous vote of the stockholders to request you to return all the money collected and to release all those who have so generously subscribed and to thank you and them for the very kindly spirit shown in this matter.

For the information of our citizens I may say the company stands ready to rebuild the furniture factory at once adding about 4,000 feet more floor space than was contained in the one destroyed. We however feel that the city should assure us of water supply to guard against future fires.

The writer has had an audience with the members of the fire and water committee of the council and also the city attorney and the assured the council would be backed by the entire city in making provisions against further loss.

The writer yesterday gave permission to the C. & N. W. Ry. Co. to lay tracks over some part of our property for the use of another industry ready to go there when the water supply is there.

Eventually the water company would be asked to lay mains and no more opportunity can be than the present. This is all the company asks.

Assuring you of our highest esteem and regards, I am, Very truly yours,
JOHN THOROUGHGOOD.

President of the Choate-Hollister Furniture Co.
Janesville, Wis., Sept. 26, 1900.

HELD A WEDDING EARLY THIS MORNING

Miss Katie Schermerhorn and Charles McKewan United in Wedlock.

At seven o'clock this morning at St. Patrick's church Miss Katie Schermerhorn and Charles McKewan were united in marriage. The bride is the daughter of Mr. and Mrs. Spencer Schermerhorn and has been employed at the Lewis Knitting works for a number of years where she was a universal favorite.

The groom is the son of Mrs. Mary McKewan and has been in the employ of H. D. McKinnay for a number of years. He is an industrious, sober young man and has a large number of friends.

An elegant wedding breakfast was served at the home of the bride's parents immediately after the ceremony. The young couple left this afternoon for a brief wedding trip to Milwaukee and on their return will make their home in this city.

WILL ERECT A NEW BUILDING

Janesville Wholesale Grocery Buys Property For That Purpose.

The Janesville Wholesale Grocery will at once commence the erection of a building on the property recently purchased by them from L. B. Carle and son W. H. Carle at the corner of North High and Bluff streets. The building will cover the entire lot and will be used as a wholesale store, the rapidly increasing business of the company making it necessary that they should have more commodious quarters.

A side track will be laid to the building by the C. & N. W., permission to lay the same having been granted by the common council. The business which was started but a few months ago has rapidly grown to be one of the foremost enterprises in the city and speaks well for the able way in which the business has been handled.

REPRODUCTION OF HUMANS

Artificial Propagation Said to Be Theoretically Possible.

The artificial reproduction of human beings is possible according to the theories of scientists who have followed the work of Dr. Jacques Loeb of the University of Chicago. They are of the opinion that, theoretically the artificial parthenogenesis of human beings is altogether as possible as the artificial reproduction of starfish and worms accomplished at Woods Hall, Mass., by Dr. Loeb in the summer. But they also say that the difficulties of method are so great that the accomplishment of this possibility may have to be left to the scientists of future generations.

PARALYTIC STROKE CAUSED HIS DEATH

DEMISE OF WARREN B. WOOD AN EARLY SETTLER.

He Was 74 Years of Age and Had Been an Invalid For a Number of Years—He Leaves a Wife and Ten Children—Other Deaths and Funerals.

Warren B. Wood, for many years a resident of this city died this morning at 4 o'clock at his home, 7 North Academy street. The cause of his death was a stroke of paralysis. He was seventy-four years of age at the time of his death and had been an invalid for a number of years.

He leaves to mourn his loss a devoted wife and ten children, seven boys and three girls, five of whom live in this city.

The funeral will be held from the family residence Friday afternoon at 2 o'clock. The Rev. J. T. Henderson of the Presbyterian church will officiate. The interment will be held at Oak Hill cemetery.

Mrs. G. H. Trumbull.

Mrs. G. H. Trumbull of 106 South Academy street, aged forty years, passed peacefully away at her home last evening at 6:15 o'clock. Her death was the result of a complication of diseases. Her maiden name was Frances E. Peck. She was born in Caledonia, Racine county, and had lived in Janesville for the last nine years. She was a member of the First M. E. church and a woman of Christian character. Her quiet, unassuming ways had made her numerous friends. She leaves to mourn her loss a husband and son, Clyde E., and one daughter, Isabella. The funeral will be held from the house Thursday afternoon at 2:30 o'clock. The Rev. W. W. Woodside will officiate and the interment will be in Oak Hill.

Mrs. Thomas Trenwith.

Mrs. Thomas Trenwith for many years a resident of this city died last night at 7:15 o'clock at her home on Prairie avenue. She has been a constant sufferer from disease for many years. She was sixty-six years of age and had resided here for over thirty years. Besides her husband she leaves to mourn her loss five children, three sons, Richard Trenwith, of Kansas City; George and Thomas Trenwith of this city; and two daughters Mrs. Mary Rowan and Mrs. Annie Bogardus both of Chicago.

The funeral will be held from St. Mary's church Friday.

Michael Casey Funeral.

The funeral services of the late Michael Casey were held from St. Patrick's church at 9 o'clock this morning. A large number of friends gathered to pay their last respects to the deceased and many beautiful floral offerings were made. The interment was at Mount Olivet cemetery.

The Rev. Dean McGinnity officiated. The pallbearers were John Hemmens, John Fitzgerald, W. E. Spicer, Edward Tracy, Michael Menihan and James Caseiday.

Burial of Richard Nash.

The remains of the late Richard Nash were laid at rest yesterday morning in Mount Olivet cemetery. The funeral services were held from St. Patrick's church and were largely attended. Rev. Father J. J. Collins conducted the services. The pallbearers were John Kelleher, Michael Furey, Michael Sullivan, John Boylan, Richard Barry and Dudley Connors.

FIRE IN RESIDENCE OF GEORGE ROOD

An alarm of fire turned in from box 54 at the corner of Center avenue and North streets about six o'clock this morning called the fire department to a house owned by George Rood on Jefferson street. The fire was in the rear of the building and was soon extinguished.

The building is a one story frame with a wing and has been unoccupied for some time. The owner Mr. Rood has just repaired the building and put it in first class shape, the painters having just finished work.

The cause of the fire is supposed to be spontaneous combustion and is supposed to have started from some old rags left by the painters.

The interior of the rear part of the building was damaged to the extent of one hundred dollars. The building was insured for \$400 in one of the companies represented by Carter & Morse.

ALBERT JONES SENT UP FOR ONE YEAR

Albert Jones who was arrested some time ago for passing a forged check at Evansville, Wis., said to have been signed by Mrs. George Hall, who afterward tried to pass forged orders on C. H. Spencer and the Park hotel, was brought before the municipal court this morning and plead guilty to the information filed against him. Judge Fifield sentenced him to one year in the state's prison at Waupun, the first day to be solitary confinement.

The case of Emilie Hartshorn vs. Albert Gauke, being an action on a farm contract is on trial in the municipal court. William Jones and Charles E. Pierce appear for the plaintiff and W. O. Newhouse for the defendant.

SENT CASE BACK TO CIRCUIT COURT

Supreme Court Hands Down a Decision in the Suit of Ann Collins vs. City of Janesville.

The supreme court yesterday handed down a decision reversing the case of Ann Collins, an infant, against the city of Janesville and sends it back to the circuit court for a new trial. This is the second time the case has been reversed by the supreme court.

The plaintiff claims to have been injured June 5, 1895, on Cherry street in the Fourth ward in front of some property owned by W. F. Carle.

On a former trial she received a judgment of \$1,500, which was reversed by the supreme court, and on the second trial she secured a judgment of \$2,500, which was cut down by Judge Siebecker to \$1,700. This judgment has now been removed by the supreme court, and the case sent back for a new trial. The opinion in the case is by Justice Winslow. The case was argued before the supreme court September 8. J. J. Cunningham appeared for the plaintiff and F. C. Burpee, city attorney, for the city.

MIXED FOURSOME ON THE GOLF LINKS

Judge and Mrs. Fifield Won First Prize—Mrs. A. P. Burnham Presents Club With a Picture.

The mixed foursome handicap at the Golf links yesterday afternoon created considerable enthusiasm. Ten pairs of players participated in the match which was for four prizes consisting of balls. Judge and Mrs. C. L. Fifield with a handicap of ten won first prize. Wm. A. Jackson and Miss Lizzie Schickler with a handicap of sixteen won second. C. C. MacLean and Miss Belle MacLean with a handicap of twelve and Charles Schaller and wife with a handicap of twelve tied and third and fourth money was divided between them.

About one hundred people enjoyed the harvest supper which was served at the club house at 6:30 o'clock under the supervision of Miss Mable Jackman and Miss Helen Nash. It was one of the best suppers of the season and was thoroughly enjoyed by all present. The club house was decorated with farm products and had an unique appearance. Grotesque lanterns made out of pumpkins peered from every corner and kept watch over the festivities.

During a lull in the dancing which followed the supper the president of the club, Mr. W. A. Jackson, called the assemblage to order and informed them that the club had been presented with a very handsome picture by Mrs. A. P. Burnham. The picture is a "Gibson Golf Girl" and is very handsome and elegantly framed. It will make a great addition to the decorations of the club house. A vote of thanks was tendered Mrs. Burnham for her handsome gift.

Roy Carter furnished the music for the dance which lasted until late in the evening.

There is No Domestic Trouble.

The mystery of the disappearance of Eric Birkelund has not yet been solved. Charles Johnson a brother in law of the missing man says that he is in Minneapolis and they have heard from him several times; but when Mrs. Birkelund and her brother were in that city recently they could not get to see him. He kept out of their way. Mr. Johnson says there is no domestic trouble. It is feared Mr. Birkelund's mind is impaired.

MASONS WILL BURY GEN. JOHN M. PALMER

FUNERAL WILL BE HELD AT
SPRINGFIELD TOMORROW.

General Was Eighty-three Years Old
—Sketch of His Remarkable Political Career—Was a Personal Friend of Lincoln—In 1896 Was Nominated By Gold Democrats for President.

Springfield, Ill., Sept. 26.—Funeral services over the remains of the late General John M. Palmer will be held at 1 o'clock tomorrow afternoon at the Palmer homestead. Rev. E. B. Rogers, pastor of the Central Baptist church in this city, will deliver a eulogy of the dead, after which the Masonic order, of which General Palmer was a charter member in the Illinois organization, will take charge.

At 2 o'clock the remains will be sent to Carlinville, where the interment will be made in the family cemetery.

General Palmer is survived by his widow and the following children: Mrs. Jessie Palmer Weber, librarian of the state historical library of this city; Mrs. Matthews of Carlinville, Ill.; Mrs. E. C. Crabbe and Mrs. William Jayne of this city, and John Mayo Palmer of Chicago.

Let an Eventful Life

John McAuley Palmer was born Sept. 13, 1817, at Eagle Creek, Scott county, Kentucky. He removed to Illinois in 1831, settling at Carlinville in 1839. When he was 16 years old he entered Alton college. He paid his way through by building fires, sweeping floors and doing other chores. After a year in college he left to learn the cooper trade, and afterward peddled clocks. In this business he met Stephen A. Douglas, with whom he slept one night in Carthage, Hancock county, Illinois. This marked the beginning of a strong and lasting friendship between these two men. Mr. Palmer did not take kindly to the clock business and threw up the work to teach school in Fulton county, Illinois. While teaching he studied Blackstone. After his school was out Mr. Palmer went to St. Louis and then walked to Carlinville, where his brother, Elihu, a Baptist minister, was living. He entered the law office of John H. Great-house and soon got into politics, and became an unsuccessful candidate for clerk. He went to Springfield in December, 1839, and presented application for admission to the Illinois courts, which was granted him. He then went back to Carlinville and took up the practice of his profession, in which he afterward became so prominent. While in Springfield he met Abraham Lincoln.

In 1843 Mr. Palmer was elected probate judge of Macoupin county, Illinois, and for three years spent his time in his office and law practice. He raised a regiment during the Mexican war, but never received a commission. Mr. Palmer early took side with the negro, and his first prominent fight for the colored man was in 1847, when he was elected a member of the constitutional convention. His side was defeated in this convention, but later Judge Palmer was elected to the state senate and gained prominence by fighting the black laws which John A. Logan was instrumental in having passed. In the election of 1854 the friendship between Palmer and Douglas was severely strained and it was not until 1867 that it was renewed. Senator Palmer was the chairman of the first Illinois Republican convention which was held in Bloomington, and was a delegate to the national convention, which met in Philadelphia, nominating Fremont. He left the Democratic party in 1856 and supported Lincoln. Two years after this he took the stump against his old friend Douglas in the memorable Lincoln-Douglas campaign, for which part he was defeated by 4,000 majority when he ran as a Republican candidate for congress. He was an elector-at-large when Lincoln was elected in 1860. When the civil war broke out Palmer was given command of a brigade, which marched to Springfield, Mo. In December, 1861, he was made brigadier-general and commanded a division of Pope's army in the expedition against Island No. 10, in New Madrid.

In 1890 Gen. Palmer made the most brilliant canvass for senator in this state since the Lincoln-Douglas contest. He had a plurality of more than 30,000 on legislative candidates pledged to vote for him, and after prolonged balloting in the legislature was elected—the only man ever elected to the senate as the result of a popular vote.

In 1896 Gen. Palmer was nominated for the presidency by the gold Democrats. After a half century of politics he died a poor man. His first wife died in 1856. In 1888 Senator Palmer married Mrs. Hannah L. Kimball of Springfield. She was much younger than her husband.

GUIDE FOR RAILWAY EXCURSIONISTS

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

Senator Hoar on Old Age.
Senator George F. Hoar of Massachusetts was 74 years old recently. In answer to a letter from a friend congratulating him on his excellent health, Mr. Hoar said: "I am thoroughly over that disease known as being 73 years old."

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. F. H. McAllister, of Harrodsburg, Ky., writes: "Having been a terrible sufferer from Catarrh, and being now sound and well, the question often put to me is, 'What cured you?' In answer I feel it my duty to state that Swift's Specific is the medicine. I am such a true believer in the efficacy of Swift's Specific that I can honestly and conscientiously recommend it to any one suffering from Catarrh. Have recommended it to many, and am happy to say that those whom I have induced to use it can bear me out in the statement that it will cure any case of Catarrh if taken according to directions."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on blood and skin diseases and write our physicians about your case.
